Yoshihiro Maruyama, Tadashi Sonoda : A Theory of the Producer-Consumer Household: The New Keynesian Perspective on Self-Employment before purchasing it in order to gage whether or not it would be worth my time, and all praised A Theory of the Producer-Consumer Household: The New Keynesian Perspective on Self-

Employment:

The quick recovery of Asian economies from recent recessions in comparison to the struggling American and European economies can be attributed in part to the positive aggregate-demand externalities of their self-employment sectors. This book presents a behavioural analysis of this effect, with a detailed focus on producer households.
