Kevin F. McCarthy : An Economic Development Architecture for New Orleans (Technical Report) before purchasing it in order to gage whether or not it would be worth my time, and all praised An Economic Development Architecture for New Orleans (Technical Report):

In response to the current situation in New Orleans in the aftermath of Hurricane Katrina, this report provides recommendations regarding effective organizational and strategic approaches to revitalizing the city's economy, identifies the best practices that other cities have used to foster economic development, describes how these practices might be applied to New Orleans, and considers historical trends and past development missteps.

From the Inside FlapIn response to the current situation in New Orleans in the aftermath of Hurricane Katrina, this

report provides recommendations regarding effective organizational and strategic approaches to revitalizing the city's economy. About the Author Kevin F. McCarthy (Ph.D., Sociology, University of Wisconsin) is a senior social scientist at RAND who has led studies on the arts, immigration, and demographic issues.
