J. Lepper : An Enquiry into the Ideology and Reality of Market and Market System before purchasing it in order to gage whether or not it would be worth my time, and all praised An Enquiry into the Ideology and Reality of Market and Market System:

Why do markets exist? How are they maintained? What are market systems and how are they formed? This book addresses these fundamental questions and challenges the traditional view that markets and market systems are 'natural', asserting instead that they are ideologically coloured and of dubious scientific value.

About the Author JOHN LEPPER is Research Fellow at Lancaster University, UK. His public and private sector experience includes advising Nomura, the Bank of New Zealand and the Deputy Prime Minister of New Zealand. He was director of a private consultancy and has taught at universities in the UK, New Zealand and China.
