**Mary Potter Kenyon : An Intro to Couponing** before purchasing it in order to gauge whether or not it would be worth my time, and all praised An Intro to Couponing:

"Total before coupons: \$230. After coupons: \$38. I've combined high-value store coupons with manufacturer coupons so that most of the merchandise in my cart was free. The cashier carefully folded the receipt, smiling as she handed it to me. 'Great shopping. You saved almost \$200.' This is what I do, what I've been doing for more than thirty years. My question: Why doesn't everyone?" Explore the world of extreme couponing as only Mary Potter Kenyon, a coupon veteran of over 30 years, can describe. Learn the history, uncover the science, master the lingo, and pick up a few tips yourself to save a buck on next week's shopping trip.
