David Bogan, Keith Davies : Avoid Retirement And Stay Alive: Why You Should Never Retire And How Not To before purchasing it in order to gage whether or not it would be worth my time, and all praised Avoid Retirement And Stay Alive: Why You Should Never Retire And How Not To:

0 of 0 people found the following review helpful. Excellent!By alexiaGreat book and very timely. I can't imagine

retiring because I enjoy being a psychotherapist. I encourage my clients to avoid retiring. Excellent book. 2 of 5 people found the following review helpful. You've got to be kidding
By Marilyn Bachorik
The premise and conclusions of this book is that a person's entire worth is derived from working. We "cease to exist" when we retire. My conclusion? These guys are idiots. And it's not even a good read.

Avoid retirement and stay alive is the simple message behind this potentially life-changing book. The authors' basic premise is that retirement is a notion to be banished from all sensible conversation and promotes the idea that no one should retire and no one should want to retire. Quite apart from the economic reality that our respective Governments can't possibly afford the retirement we all expected when we started our working lives. Instead they say we should look at rearranging our lives to suit our changing circumstances, but allow no room for the idea of a use-by date when we stop and vegetate - because that's when we die, usually of boredom. A hard-hitting look at the Western economic history of retirement and how it has no place in the modern world, the authors provide case studies and a workable blueprint for changing our expectations and our plans for the second half of our working lives. With practical, pragmatic and accessible text, the book will be illustrated throughout with line drawings, pull out quotes and bullet-pointed text summaries.

About the Author
Bogan is an International Conflict Manager and Mediator, operating across several jurisdictions. He has taken part in international panels and conferences, including the US-based Steering Committee of the International Coalition of Concerned Mediators.
Keith Davies is an author and Media Crisis Specialist with more than thirty years' worldwide experience of investigative journalism, advertising and media management.
