Rick Maurer : Beyond The Wall Of Resistance: Why 70% O before purchasing it in order to gage whether or not it would be worth my time, and all praised Beyond The Wall Of Resistance: Why 70% O:

0 of 0 people found the following review helpful. Excellent content, great applicationBy Paul BenedettaWhile reading this book I had some very specific situations come to mind. Now I understand why my change attempts failed in those situations. Back in the day, I was the rock-head that thought I had to bore through any resistance I met, boy do I wish I had read this book earlier in my life. Even though I have matured in my change agent approaches, this book provided some great structure and insight on how to approach change in a much more intelligent way.2 of 2 people found the following review helpful. Revised, updated, infused with valueBy Michael WalshRick Maurer has taken the best of his original "beyond resistance work", "Why Don't You Want What I Want" and added new observations and suggestions

to deal with significant change. This isn't blind prescription, Rick uses evidence based research real practitioner input to revise, update infuse this book with very useful suggestions to help people leading change to engage those impacted by change. I am totally biased here - I have known Rick for 15 years have used his ideas with great results.0 of 0 people found the following review helpful. Resistance in practiceBy Derkinderen-BorremansThe clear explanations give practical examples that you can relate to immediately. It pictures resistance (own and others) in a way that you can not deny. Some easy tricks are given to work with and (hopefully) turn resistance into something useful.

Companies that don't change die. Change is everyday corporate life - plans for cost cutting, restructuring, new technology, quality improvement, new products/services are ongoing challenges in companies of all sizes. Resistance is a huge roadblock. This real-world guide shows frustrated managers how to build support for change and stay competitive. Practical approaches with new case studies show how to deal with resistance in a way that retains strong working relationships while achieving successful change.
