Douglas S. Nelson : Catch Fire: How to Ignite Your Own Economy before purchasing it in order to gage whether or not it would be worth my time, and all praised Catch Fire: How to Ignite Your Own Economy:

1 of 1 people found the following review helpful. Awesome advice. Must buy and readBy Charles AltmanI met this guy. Awesome advice.Must buy and read. Do the MMI too!1 of 1 people found the following review helpful. Fantastic book that helps increase your knowledge of the financial system and how to create your own economy within it!By musicgirlThis book is fantastic. It starts off with an in depth explanation of how the modern financial system began and how it works, in a way that anyone can understand. There are awesome budgeting tools, tips and exercises that are

very useful for gaining a full picture of your financial situation and how to improve it. The bonus chapters by contributing authors are very useful. I especially liked Melanie Nelson's chapter on health, which contains very useful information. Months after reading this book, I went back to it to re-do some of the exercises, because they were so helpful. Great book!

1 of 1 people found the following review helpful. Set Your Financial World on Fire By Ainslie - Warrior Woman A great read and easy simple steps to follow to take you from debt to financial freedom. Provided you follow the system and remain diligent you will obtain this goal. Hearing how Doug when from almost death to turning his life around and being where he is today is truly inspirational. I recommend this to anyone who is now truly fed up with where they are financially and is prepared to do the work to obtain the financial freedom they desire. The Catchfire University offer inside this book is worth the time and effort - you will be glad you did. Only half way through the Uni and my life has already changed for the better. I can't thank Doug and Melanie Nelson enough. Go for it - set your financial world on fire, see and experience what happens.

"Catch Fire" is a financial freedom manual. Starting out with the backdrop of the author's story; how Doug Nelson survived a horrendous gas explosion that put him in a coma for 6 weeks and rehabilitation for 9 months and how during that time money was never an issue. From there Doug explains the problem; the current economic systems and busts some commonly held financial myths to expose the urgency of taking control of your financial life. That is when he teaches the solutions; The offense and defense strategies in the financial Freedom playbook. Both are necessary to secure a financial life that will set your time free and allow you to live out your life's purpose.

Financial Freedom is a goal many chase after, you won't have to chase any longer after reading this book, you will be equipped and on fire to make some serious changes in your financial life. --T. Harv Eker, #1 International Best Selling Author of "Secrets of the Millionaire Mind", New York Times, USA Today and Wall Street Journal "Catch on Fire" with passion and read this book like your financial life depends on it, because it does! --Patrick Snow, International Best Seller Author of Creating Your Own Destiny Doug Nelson is a genius at communicating transformational concepts in a simple, easy-to-implement way. When Doug speaks, people listen and lives are changed! --Stewart H. Welch, III, Author of "The Complete Idiot's Guide to Getting Rich". I always hear the adage: "walk the talk"hellip;. well Doug Nelson IS the man who does this. My financial wealth ALWAYS goes up when he speaksmdash;all I have to do is follow his instructionshellip;.and that's easy--I like making money this way. --Mark S. Rothstein aka "Mr. Money", author of "Love, Money Control"
