Bob Thames, Douglas W. Webster : Chasing Change: Building Organizational Capacity in a Turbulent Environment before purchasing it in order to gauge whether or not it would be worth my time, and all praised Chasing Change: Building Organizational Capacity in a Turbulent Environment:

Robust organizational capacity is a company's potential to apply its skills and resources to accomplish goals and

exceed stakeholders expectations. This book provides readers with the ability to diagnose both the drivers of change in their organization and the type of change response needed. In addition to the traditional tangible dimension of change, it presents a framework to leverage the cultural and personal dimensions of change to sustain successful change initiatives. As well, it presents an organizational capability self-assessment process to derive the maximum return on change efforts and investments. CEOs and executives will benefit from the ability to link demands for change to organizational capabilities in strategic initiatives.
