Gjyn O'Toole : Communication - E-Book: Core Interpersonal Skills for Health Professionals before purchasing it in order to gauge whether or not it would be worth my time, and all praised Communication - E-Book: Core Interpersonal Skills for Health Professionals:

This text introduces health sciences students to the various interpersonal communication skills that are commonly used within health settings to establish relationships with clients and fellow professionals, and improve therapeutic outcomes. It focuses on developing self awareness and skills for use in health settings and covers the types of scenarios commonly encountered in health settings that are rarely covered in generic professional communication

texts. Perspectives and examples are drawn from a wide range of health professions. The book includes activities that will enable students to reflect on their experiences and practice using the skills.
