M. C. Barnes, A. H. Fogg, C. N. Stephens, L. G. Titman : Company Organization (RLE: Organizations): Theory and Practice (Routledge Library Editions: Organizations) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Company Organization (RLE: Organizations): Theory and Practice (Routledge Library Editions: Organizations):

This summary of theory and practice is inspired by the belief that cut and dried solutions to management problems are inappropriate and that every set of circumstances requires a unique synthesis of experience and relevant theories. In this book the authors have reviewed the main texts and theories of organization and have added the lessons learned from an unrivalled volume of practical experience, garnered from some 900 consultants working in more than twenty countries.

About the AuthorMultivolume collection by leading authors in the field
