Brian McNiven : Concise Guide to Value Investing: How to Buy Wonderful Companies at a Fair Price before purchasing it in order to gauge whether or not it would be worth my time, and all praised Concise Guide to Value Investing: How to Buy Wonderful Companies at a Fair Price:

0 of 0 people found the following review helpful. value investing -needs patienceBy vic strano2008 version is still the latest ;very good discussion on the subject. should be an update coming soon.'Value investing from graham to buffett' is also available from ; kindle ed. or paperback. any of these books should help you if you stick with plan. value

investing is long-term like 10yr or more. my investment increased 500% overall but took 10yrs to do it. My Irr. rate of return something like 15% annually. another thing just follow Buffett's lead; he must be doing something right.

The business performance creates the value -- the price creates the OPPORTUNITY. No-one likes to pay too much for something. We all like to thing that what we buy is ' good value'. It's not different when we purchase a share in company listed on the stock market. In the Concise Guide to Value Investing, Brian McNiven reveals how to calculate the true value of a company to find out whether younbs; are paying a fair price. This fascinating book explores: value investing versus speculation

From the Back CoverThe business performance creates the value - the price creates the OPPORTUNITY. No-one likes to pay too much for something. We all like to thing that what we buy is ' good value'.
