I recommend using it along with the Guerrilla Marketing in 30 days book. I also read the original Guerrilla Marketing book which elaborates more on types of marketing and ways to market. It is a good buy on its own, but acts predominately as an outline. Novices may require further reading, as I did.0 of 0 people found the following review helpful. A great value for the moneyBy Melissa FloydThis workbook is much thicker than I imagined it would be! A great value for the money, definitely not one of those "inky dinky" pamphlets called a book. It is very nice laid out! I love it!1 of 1 people found the following review helpful.
