**Richard W Schwester : Handbook of Critical Incident Analysis** before purchasing it in order to gage whether or not it would be worth my time, and all praised Handbook of Critical Incident Analysis:

Critical incidents all too often explode onto the social conscious and challenge our sense of security. This comprehensive handbook brings together a range of experts who provide a foundation for the field of critical incident analysis by examining specific incidents 9/11, the Virginia Tech massacre, the H1N1 pandemic, the BP oil spill, and

more--through various methodological and disciplinary lenses.
