Mark Yarnell, Valerie Bates, Derek Hall, Shelby Hall : **How to Become Filthy, Stinking Rich Through Network Marketing: Without Alienating Friends and Family** before purchasing it in order to gage whether or not it would be worth my time, and all praised How to Become Filthy, Stinking Rich Through Network Marketing: Without Alienating Friends and Family:

18 of 18 people found the following review helpful. Best Network Marketing Book So FarBy DrewSo far, all the

network marketing books have been more motivational texts than anything truly practical. This text is quite different, and so I have to say I'm glad I came across it! This resource is very practical in that it rationally explains why Network Marketing is not only a great opportunity but how it can help deal with many of the economic ills faced by our society. In addition, it provides a lot of practical guidance and tips so you're not stuck annoying the heck out of those who you know. Keep in mind that the practical suggestions for optional recruiting options are not only usable alone, but creatively can be mixed and matched. I will note that I did find some of the material not immediately applicable to my particular situation but useful down the road. 19 of 20 people found the following review helpful. **Entrepreneurs Treasure Map to Wealth!** By Amber Dean De Grasse **How to Become Filthy Stinking Rich through Network Marketing** is an Entrepreneurs treasure map to achieving wealth and time freedom! Mark Yarnell is not only a mentor but has changed my life through his words for better and for always. You will not be able to put this book down from beginning to end. Mark Yarnell and Valerie Bates have taken the two greatest fears away in the Industry. Getting stuck, getting started and not going all the way. This is for those who had a destination but lost their way and dreams at the turn of the economy. Be prepared to realize it's never too late to be who you were meant to be! 2 of 2 people found the following review helpful. This is the best book of its kind By Jerry Robert French **Mark Yarnell** has encapsulated his lifetime experience in direct sales (Network Marketing) and made a very easily understood and duplicated way to transcend the generally accepted method of trading time for dollars that exists in the business world. He makes a convincing case for starting a direct sales business from home as a second income no matter what position one has in the work world, and gives a realistic description of the work required to be successful. The formula is not sugar-coated. But no other method exists in any other industry that can provide virtually anyone from any status or background a lifestyle of freedom and comfort. I recommend this book as a great training tool for experienced or novice networkers, or anyone, really, who wants to take their lives in their own hands and not be subject to the vagaries of employers or the economy.

A contemporary approach to network marketing—;from the author of the million-copy bestseller, *Your First Year in Network Marketing* This is a book about reality—;an unpleasant reality that no one seems to want to address. A large number of the population was hit with substantial loss of income and savings during the recent economic meltdown. Many feel that they have no way to build back their savings in order to retire comfortably and securely. Many now believe that there just isn't enough time left to turn it around. **How to Become Filthy, Stinking Rich Through Network Marketing** is for those who refuse to accept this nonsense. With such a confusing array of home business opportunities and so many millions caught in the financial meltdown, there has never been a more important time for due diligence and a proven path to follow. In **How to Become Filthy, Stinking Rich Through Network Marketing** you will learn how to: Select the right networking company based on expert advice and solid criteria Thrive as an entrepreneur Deal with fear, rejection, inertia, and naysayers Build professional habits that drive success Lead, motivate, and serve your team Recruit with rejection-free strategies Learn how to develop an entrepreneurial spirit through network marketing in order to build dramatic prosperity today.
