Having had some internet marketing experience the book gives you a general overview of what you can do, you would need to have a much deeper detailed plan to follow. A good start for someone just starting out, but I would not say retire in 12 months.1 of 1 people found the following review helpful.

great book, inspiring and hands onBy marianaloved the book, very objectivethe author is very approachable and helpful also, when i was finishing the book i luckily got a free hour coaching with Serena and she definitely know her game. wasnt expect much of the coach, since the book pretty much covers the path to buiding a website and a community, but she has a very action forwarded energy and good tips on where to focusrecommend to those taking the plunge of working online1 of 1 people found the following review helpful. This is wonderfulBy Benny RoyWow!!! This is life transforming. Great book if you want to live a life of fulfilment. Don't let it go. Online business is really a tool for the kind of life one would love to live. This book explains how you get it right, perfectly.

How to Retire in 12 Months is based on a personal challenge undertaken by Serena Star-Leonard to create an income that she could sustain working 1 day a week, from anywhere in the world. Revolutionising the concept of retirement, this book challenges how we view our lives, whilst giving a sense that many lifestyle opportunities are more attainable than we think. This book is the perfect mix of mindset and practical guidelines for using your talents and experiences to create value and income through blogging. Prepare to be inspired into action.
