James O'Donovan : How To Save 5000: Reduce Your Outgoings without Reducing Your Lifestyle before purchasing it in order to gauge whether or not it would be worth my time, and all praised How To Save 5000: Reduce Your Outgoings without Reducing Your Lifestyle:

0 of 0 people found the following review helpful. Fantastic book - I'm saving already. By Sean O'Connell I picked this up after meaning to for quite a while, and it's literally full of practical, no nonsense money saving tips. Great book, great resource - looking forward to finishing it off and putting more to use. 0 of 0 people found the following review helpful. excellent By Morgan Anthony Richardson This book shows you how to save five thousand dollars. I flip through the sample then bought the whole thing. 0 of 0 people found the following review helpful. Good By Jon

Dixon Some stuff is common sense but overall good tips. Price is cheap and worth the money. I recommend this book.

HOW TO SAVE euro; 5000: REDUCE YOUR OUTGOINGS WITHOUT REDUCING YOUR LIFESTYLE, as the name suggests, is a book that will teach you how to keep more of the money you earn, without making any cutbacks, just changing some spending habits. It IS possible to maintain your current lifestyle, within reason, and spend less money at the same time. This book will teach you ways to spend smarter. By following the techniques, you will change your spending habits and save thousands each year. Better still, each year's savings carries forward into the next year, so you could save not just euro;5,000 but tens of thousands of euro over time! For each major category of household expenditure, the book suggests simple, practical money-saving tips, based on key principles, including:

- Shop around / do price comparisons
- Think long-term / total cost of use / ownership
- Think of cumulative, not one-off, savings
- Pay only for what you need – needs analysis
- Track your spending / monitor trends and changes
- Buy in bulk
- Avoid brands
- Time your purchases for special / seasonal offers
- Plan your shopping / avoid impulse buying
- Learn to DIY – food / cooking gardening, housekeeping, building repairs etc
- Use vouchers / coupons / reward points etc

And the system really works! The author, James O'Donovan is now on his fourth year of savings. He shares his experience and the results of his savings with you in this timely book.

About the Author A project manager by training, James O'Donovan has used his own system for the past three years saving well in excess of A5,000 a year on his family's outgoings, without reducing their standard of living.
