Hypnotic Writing! By Seth Rowlands This had to be one of the best books I've read in a long time. Joe really poured a lot of content into this book about writing. I think many times we approach writing how we were taught in school and as most of us know it's ineffective. Writing should be engaging. Writing should be fun. Writing should hook people in a way that makes them want more. And Joe's book does all of the above. I carry this book wherever I go to use as a resource guide. 0 of 0 people found the following review helpful. Really good stuff in here by Joe By Joe Really good stuff in here by Joe. I found secret techniques for writing not taught in public high schools but in catholic private schools which impressed me. I think it is a good read for anyone that wants to improve their writing ability. I'm glad I Finally read it. I bought two copies of it. I also bought the hypnotic writing wizard which comes with the advanced hypnotic writing course which I delve into next. Five star. Get it.

Discover the secrets of written persuasion! "The principles of hypnosis, when applied to copywriting, add a new spin to selling. Joe Vitale has taken hypnotic words to set the perfect sales environment and then shows us how to use those words to motivate a prospect to take the action you want. This is truly a new and effective approach to copywriting, which I strongly recommend you learn. It's pure genius." -Joseph Sugarman, author of Triggers "I've read countless book on persuasion, but none come close to this one in showing you exactly how to put your readers into a buying trance that makes whatever you are offering them irresistible." -David Garfinkel, author of Advertising Headlines That Make You Rich "I am a huge fan of Vitale and his books, and Hypnotic Writing (first published more than twenty years ago), is my absolute favorite. Updated with additional text and fresh examples, especially from e-mail writing, Joe's specialty, Hypnotic Writing is the most important book on copywriting (yes, that's really what it is about) to be published in this century. Read it. It will make you a better copywriter, period." -Bob Bly, copywriter and author of The Copywriter's Handbook "I couldn't put this book down. It's eye opening and filled with genuinely new stuff about writing and persuading better. And it communicates it brilliantly and teaches it brilliantly-exemplifying the techniques by the writing of the book itself as you go along." -David Deutsch, author of Think Inside the Box, www.thinkinginside.com "Hypnotic Writing is packed with so much great information it's hard to know where to start. The insights, strategies, and tactics in the book are easy to apply yet deliver one heck of a punch. And in case there's any question how to apply them, the before-and-after case studies drive the points home like nothing else can. Hypnotic Writing is not just about hypnotic writing. It is hypnotic writing. On the count of three, you're going to love it. Just watch and see." -Blair Warren, author of The Forbidden Keys to Persuasion
