Kate White : I Shouldn't Be Telling You This: Success Secrets Every Gutsy Girl Should Know before purchasing it in order to gage whether or not it would be worth my time, and all praised I Shouldn't Be Telling You This: Success Secrets Every Gutsy Girl Should Know:

19 of 19 people found the following review helpful. This book will change your perspective, every working woman should read it!By valarieI am excited to review this book because of the direct impact it had on my situation.I am a

working mom which is challenging in its own right but to make it even more so, I decided to go into the construction industry. I had the attitude Kate talks about in her book that "they" will see how hard I work and reward me, or I didn't want "them" to think I was greedy or not like me so I didn't ASK for a lot. I have been working in this field for the past 20 years with that attitude. I had read all of the staple books, "How to Win Friends and Influence People", "Nice Girls Don't Get the Corner Office", "Lean In", Dale Carnegie and Stephen Covey books, and many many more. Some of the things I read made sense and some I even applied. After reading Kate's book I immediately went out and bought 3 more copies, one for each niece and one for my daughter in law. While I really hate to sound like a stalker fan, I have to admit that I have been listening to Kate's book on audio every morning, on my commute, for the past month. It is giving me insight on a daily basis and I am making some rewarding changes to my thinking! Love, love, love it! In fact I recently told my mom that no other book as had this big of an impact on me since the Bible (dramatic I know). 0 of 0 people found the following review helpful. CautionBy CustomerThere are some good tips in this book; however, several of the tactics she used to climb the corporate ladder made me wonder if the author has a soul. Makes the antagonist is a famous fashion book/movie look warm and fuzzy in comparison. 1 of 1 people found the following review helpful. Timeless ProfessionalBy KMMHONESTY IS HER BEST POLICY! Becoming a recent young professional, I turn to Kate's book time and time again. Only to find validation for my own experiences and tips on how to navigate new ones. Laced with grace, professionalism, and prose, I highly recommend this book to any woman (or man!) in the working world.

New York Times bestselling author Kate White is the editor-in-chief of Cosmopolitan, the #1 young women's magazine in the world, and a hugely successful businesswoman. In *I Shouldn't Be Telling You This*, she shares her secrets to success. A witty, wise, straight-talking career guide for women, *I Shouldn't Be Telling You This* is the perfect book for the current economic climate, whether you're just starting out, re-entering the workforce after maternity leave, or simply looking for a career change; essential tips and bold strategies from a gutsy innovator who helped increase Cosmo's circulation by half a million copies per month.

"...lively, funny, and rife with quick-read tips...an energetic, inspiring career memoir." - Publishers Weekly "...straight-shooting career advice [for] women at all stages of their professional lives. ...A smart, savvy guide for working women looking to climb the professional ladder and maintain positions of power." - Kirkus
