Nicholas Stacey, Aubrey Wilson : Industrial Marketing Research (RLE Marketing): Management and Technique: Volume 10 (Routledge Library Editions: Marketing) before purchasing it in order to gage whether or not it would be worth my time, and all praised Industrial Marketing Research (RLE Marketing): Management and

Technique: Volume 10 (Routledge Library Editions: Marketing):

The book provides a comprehensive analysis of the techniques and mechanics of the research process, and the management implications of industrial marketing research. It reveals not only how to do marketing research, but also the full range of its profitable applications, and shows how to develop an internal department and how to buy industrial marketing research. When originally published, this was the first book to be published in the UK or USA devoted solely to the important modern management tool of industrial marketing research.
