Instant Paradigm Shift!By Crecencio AlvarezI've learned much more about the factors contributing to profits through reading this book than I did studying towards an MBA. As Brad wrote: "Is it simple? Yes. Is it easy? No". You have to work at it, but when you apply the principles to your daily plan, you'll find more time for family and yourself. Enjoy the reading and have a pen, paper and highlighter ready!1 of 1 people found the following review helpful. It is full of great ideas for simple marketing strategies to increase the success level of your business. If you are not a small business owner, the the first 3 chapters are still quite good but the remainder of the book is a list of 282 tips.0 of 0 people found the following review helpful.
