Clifford L. Broman, V. Lee Hamilton, William S. Hoffman : Stress and Distress among the Unemployed: Hard Times and Vulnerable People (Springer Studies in Work and Industry) before purchasing it in order to gage whether or not it would be worth my time, and all praised Stress and Distress among the Unemployed: Hard Times

and Vulnerable People (Springer Studies in Work and Industry):

Employing both large-scale surveys and in-depth interviews, the authors document the mental health effects on workers caused by the closure of four General Motor plants. They paint a portrait of how the social context in which these workers lived played a critical role in their experiences of unemployment or of keeping their jobs when others around them lost theirs. More than simply a study of unemployment and mental health, this book is also a story of coping and resilience.
