The must-read summary of Michael Masterson's book: "Seven Years to Seven Figures: The Fast-Track Plan to

Becoming a Millionaire". This complete summary of the ideas from Michael Masterson's book "Seven Years to Seven Figures" shows that if you're prepared to work at it hard enough and make this your top priority, you genuinely can accumulate a seven-figure net personal worth in seven years or less. The key is to focus on accumulating wealth intelligently. In his book, the author presents three things which together will allow you to secure your financial future much sooner than you had previously planned: a plan of action, some realistic way by which you will make the time to follow your plan, and the personal willpower to do the work. This summary provides the reader with everything they need to make a plan and follow it to success. Added-value of this summary:

- Save time
- Understand key concepts
- Expand your knowledge

To learn more, read "Seven Years to Seven Figures" and start taking action today to achieve financial independence.
