Theory not in Practice - waste of moneyBy DJVKJust received this book and it looks as if the author (someone who has NEVER sold one piece of property) has taken basic "theory's" and put in the word commercial real estate throughout. Sometimes the basics helps but his information has been discussed for over 30 years. The term "systems for success" should really be ideas for success - if you could call it that. don't waste your money and if you do buy it used0 of 1 people found the following review helpful.
