Right now I am in my 14th day of the program and am noticing a change in my conscious awareness of where and how my supply comes to me. On my 9th day, I found a check that I was not aware that I had. Also, I am not able to work while I am recovering from an accident and friends, acquaintances and customers have been coming to my aid. I'm understanding that supply comes in many forms and through many channels. I'm am thankful for this growth.0 of 0 people found the following review helpful. This is the best tiny book I've ever readBy Terry VasquezThis is the best tiny book I've ever read! Filled with so much depth into life's truths. I'm on day 26 and I've discovered things about myself that were hidden deep down and now they are coming to life. This book is affirming all that I knew in my head but couldn't consciously bring to life! Everyone should read this

book. You will have to dedicate time each of the 40 days to read and contemplate and receive truths AND it's so worth the time! I recommend this book to everyone. 0 of 0 people found the following review helpful. Excellent resource to help free yourself of junky thoughts and behavior around money By CustomerAmazing, if you do the 40 day meditation, you will see results, I can't begin to describe the healing around money, finance, everything. So grateful to this author for sharing his wisdom. Don't forget to get your free audio download, which is a "different animal" from the written book, and both are very effective and clearing out old patterns of thinking around money. The instructions are on the next page from the front cover (not page two, but the next page down from the front). Enjoy and have fun on your journey with this resource!!

In this newly revised version of John Randolph Price's international bestseller, he draws from personal experience to demonstrate that consciousness is the key to life, and that truly, nothing is impossible—and that includes the manifestation of unlimited wealth and financial independence! In this enlightening yet very practical book, John provides a road map to the Land of Affluence within each one of us. Also included is an audio download link to THE 40-DAY PROSPERITY PLAN, which will expand your consciousness and help you create a more abundant life!

About the Author  
John Randolph Price is an internationally known, award-winning author and lecturer. Formerly a CEO in the corporate world, he has devoted over a quarter of a century to researching the mysteries of ancient wisdom and incorporating those findings into the writing of many books.
