Damian Ryan : The Best Digital Marketing Campaigns in the World II before purchasing it in order to gauge whether or not it would be worth my time, and all praised The Best Digital Marketing Campaigns in the World II:

Dissappointing.By Michael S.I don't write reviews often (and hardly ever negative ones at that), but I have to say that I was pretty darn disappointed with this book. I'm writing this review not to insult the author, but to give would-be buyers a reason to pause before purchasing. To be fair, I haven't read the first volume, so perhaps the author used up all the truly remarkable campaigns in that one, but after reading a quarter of this and skimming the rest, I threw the book back on my shelf in frustration. While there are some interesting case

studies in here, they are few and far between, and the rest feel like filler. It basically feels like marketing agencies were asked to send in their favorite campaigns and the author simply threw them together, unedited. I read a lot of marketing, business, and personal development books, and this one really missed the mark. If you're looking for a good compilation of out-of-the-box marketing campaigns to inspire you, this is unfortunately not the book for you. 2 of 2 people found the following review helpful. Worthless. Don't waste your \$\$\$!!! By Sara G. Totally worthless book. Don't waste your money, it's all available online and the content is soooo minimal. 0 of 0 people found the following review helpful.
