A must read.By Manuel VelezThis book is for any one that wants to gain a new respect for money and finances, and is thinking about their future and not instant gratification. Life is a series of sacrifices.I chose this rating because it completely broadened my outlook on money.The there is not one section in this book that I disliked.I RECOMMEND this book to my son who is getting married soon and anyone else who wants to get a grasp on uncontrolled spending and take the emotion out of the equation.0 of 0 people found the following review helpful.
