Suze Orman : The Money Class: Learn to Create Your New American Dream before purchasing it in order to gauge whether or not it would be worth my time, and all praised The Money Class: Learn to Create Your New American Dream:

0 of 0 people found the following review helpful. Great book for beginning money managersBy SJPurchased this for my mom. A lot of good information in here for the beginner money manager. Good information for all phases of life from good money habits to instill in kids to things to do in retirement. I listened to the audiobook and I found some

good novel information as well as some good reminders of things I had already come across in other books. The information in here is not going to be groundbreaking if you have already read several other money management books. I think there is more information here on navigating personal relationships and habits than other books but again not ground breaking just more common sense. But I do recommend it for people who are newer to managing money. 0 of 0 people found the following review helpful. Great advice that works By Lulu While I unknowingly had been following her advice, I feel comfortable and ready to retire when the time comes. I learned a lot about what to think about in retirement, though I am not convinced long term care insurance is worth going into. Everyone can learn something from her awesome book. 7 of 7 people found the following review helpful. HELPED ME By Mary J. Spletter Helped my make decisions and have intelligent conversations about my retirement advisor, decide about annuities and target investments. Would like to see book aimed at living in retirement, especially since baby boomers are entering into retirement whether they like it or not. Also on when is it safe to inhale and just enjoy life without being fixated on money, i.e. what if you've done it all right? Seems every piece of advice has an exception, which could be explored more thoroughly. When is it time to move funds from one mutual fund company to another when you are unhappy with your advisor. Signs when it is time to change would be good. Received very good service from for purchase of book.

#1 NEW YORK TIMES BESTSELLER Revised updated WHAT WILL YOU LEARN IN THE MONEY CLASS? How to find the courage to stand in your truth and why it is a place of power. What daily actions will restore the word "hope" to your vocabulary. Everything you need to know about taking care of your family, your home, your career, and planning for retirement—no matter where you are in your life or where the economy is heading. In nine electrifying, empowering classes, Suze Orman teaches us how to navigate these unprecedented financial times. With her trademark directness, she shows us how to tackle the complicated mix of money and family, how to avoid making costly mistakes in real estate, and how to get traction in your career or rebuild after a professional setback. And in what is the most comprehensive retirement resource available today, Suze presents an attainable strategy, for every reader, at every age. The Money Class is filled with tools and advice that can take you from a place of financial fear to a place of financial security. In The Money Class you will learn what you need to know in order to feel hopeful, once again, about your future.

"Suze teaches readers how to transform their thinking and reimagine the American dream." —O: The Oprah Magazine About the Author Suze Orman is a two-time Emmy Award-winning television host, #1 New York Times bestselling author, magazine and online columnist, writer/producer, and one of the top motivational speakers in the world today.
