This book exemplifies and harnesses the very interesting dichotomy between the disciplined (left side) brain and the creative (right side) brain. Hint: You need to learn to access both. Authors Allen and Hansen have a most interesting collaboration that works on several levels. "One Minute Millionaire" is at once a "how-to" business book, a fable based on real lives, and a behind-

the-scene expose on an actual business project. A "learning" book if there ever was one. Whoever thinks business is boring and mean-spirited could read this and willingly become a catalyst to quantum life-change. You begin understanding what drives good business when you ask yourself what's behind these (already financially successful) authors desire to learn and earn. I cannot imagine a better seat for opportunity for so many. Especially in an era of immense change. 1 of 1 people found the following review helpful. Making the world a better place By Amber If you want to follow your dreams, build a successful team, or even make the world a better place-then you must read this book as a guide for your goals. A millionaire is created every minute. These enlightened millionaires create their wealth by doing the right thing, giving back and helping others so that true success is realized. I truly enjoyed this book! 0 of 0 people found the following review helpful. Interesting book By Lewis A Very good book if you like stimulating the left right side of your brain. I would recommend this book to anyone who has big dreams to be blessed to be a blessing.

Two mega-bestselling authors with decades of experience in teaching people how to achieve extraordinary wealth and success share their secrets. Mark Victor Hansen, cocreator of the phenomenal Chicken Soup for the Soul series, and Robert G. Allen, one of the world's foremost financial experts, have helped thousands of people become millionaires. Now it's your turn. Is it possible to make a million dollars in only one minute? The answer just might surprise you. The One Minute Millionaire is an entirely new approach, a life-changing "millionaire system" that will teach you how to: * Create wealth even when you have nothing to start with. * Overcome fears so you can take reasonable risks. * Use the power of leverage to build wealth rapidly. * Use "one minute" habits to build wealth over the long term. The One Minute Millionaire is a revolutionary approach to building wealth and a powerful program for self-discovery as well. Here are two books in one, fiction and nonfiction, designed to address two kinds of learning so that you can fully integrate these life-changing lessons. On the right-hand pages, you will find the fictional story of a woman who has to make a million dollars in ninety days or lose her two children forever. The left-hand pages give the practical, step-by-step nonfiction strategies and techniques that actually work in the real world. You'll find more than one hundred nuts-and-bolts "Millionaire Minutes," each one a concise and invaluable lesson with specific techniques for creating wealth. However, the lessons here are not just about becoming a millionaire—they are about becoming an enlightened millionaire and how to ethically make, keep, and share your wealth. Whether your goal is less than a million dollars or that amount many times over, there's never been a better time to achieve abundance. Let The One Minute Millionaire show you the way.
