**Richard P. Nielsen : The Politics of Ethics: Methods for Acting, Learning, and Sometimes Fighting With Others in Addressing Problems in Organizational Life (The Ruffin Series in Business Ethics)** before purchasing it in order to gauge whether or not it would be worth my time, and all praised The Politics of Ethics: Methods for Acting, Learning, and Sometimes Fighting With Others in Addressing Problems in Organizational Life (The Ruffin Series in

Business Ethics):

0 of 0 people found the following review helpful. Four StarsBy Mr. AshrafiA nice journey though first-loop, second-loop and third-loop dialog/learning.0 of 0 people found the following review helpful. Great read if you want to manage difficult situationsBy @ELKNMI got this book about a month ago. Well written and It's been essential to equip me for tough management situations.0 of 0 people found the following review helpful. One StarBy Anna EnosInformative.

The Politics of Ethics examines the obstacles to behaving ethically in organizations. Blending insights from behavioral science, action theory, and moral philosophy, Nielsen constructs a powerful framework for evaluating the strategies organizations employ to foster organizational ethics. The book scrutinizes several popular methods of overcoming obstacles to ethical behavior--ethics compliance codes, win-lose or win-win negotiating, whistle-blowing, dialog methods, due process systems--and weighs the strengths and weaknesses of each.

About the AuthorRichard P. Nielsen is at Boston College.
