**Steven Haines : The Product Manager's Desk Reference 2E (Business Books)** before purchasing it in order to gauge whether or not it would be worth my time, and all praised The Product Manager's Desk Reference 2E (Business Books):

3 of 3 people found the following review helpful. This has been a great book and refresherBy C H H FamilyThis has been a great book and refresher. I have been a Product Manager for several years and use this book a lot for ideas on how to improve processes. I would recommend this book and the training Steven Haines company offers.2 of 2 people found the following review helpful. This book is the backbone for every Product ManagerBy Johan MattijssenI am working in a Product Managers environment for nearly 10 years. In my current function I am a Global Product Manager in a B2B business environment. I can say by experience that this book covers every element you will get in touch with being a Product Manager. I read several books about Product Management, but none are that complete and clear as this one.That's why I stated in the header; This book is the backbone for every Product Manager!1 of 1 people found the following review helpful. Excellent resource to understand what an actual Product Manager does ...By shyam mantravadiExcellent resource to understand what an actual Product Manager does in a typical day. The best

way to use it is to read it from beginning to ending while complimenting certain parts of the book with certain other books for example read "What Customers Want" by Anthony Ulwick while reading about interviewing techniques and product requirement analysis.

Whatever your business sells, product management is one of the most important functions in the organization's pursuit of profits. With everexpanding globalization and increasingly fierce competition, the stakes are higher than ever--and the room for error narrower than ever. Introducing a brand-new Product Management Life Cycle (PMLC) model, *The Product Manager's Desk Reference, Second Edition*, provides the knowledge, tools, and insight you need to establish yourself as a cutting-edge product manager who contributes measurably to your company's success. In this fully revised edition of the definitive product management guide, veteran product management thought leader and practitioner Steven Haines clearly illustrates the entire product life cycle, from beginning to end. *The Product Manager's Desk Reference* is packed with an array of best practices and helpful hints that are critical to the efficient management of products. Written for practitioners by a practitioner, *The Product Manager's Desk Reference* explains how to: Choose and justify which products to build Plan for their profitable creation and deployment Develop and launch them Manage them once they enter the market Gracefully retire them and replace them with new products Efficiently allocate investments across all of the products in an organization *The Product Manager's Desk Reference* embodies everything "product management." It is a comprehensive, versatile, must-have resource for anyone who works in any company, in any industry, who seeks to successfully and profitably market and manage products and services. PRAISE FOR *The Product Manager's Desk Reference*: "There are some books that are destined to become classics in their field. *The Product Manager's Desk Reference* by Steven Haines is one of those books. Anyone working not just in product management but also marketing and business development should take the time to read and absorb the comprehensive body of knowledge that Steven has organized around product management." -- AMANDA NOZ, Head of Positioning and Messaging, Alcatel-Lucent "Steven has done an excellent job of bringing a standard definition of the roles and responsibilities of this 'accidental profession' to the industry, and has provided a path along with tools to improve your skills within the product management profession." -- BRIAN WEBER, Manager of Product Management, Thomson Reuters "Steven Haines covers this multifaceted topic in a systematic manner that makes the book easy to navigate. His groundbreaking proposal that product management become a formal discipline is an accurate reflection of the acute need for these skills in the business community." -- DAN O'DAY, Senior Director, Product Management, Thomson Reuters "From now on, this book will stand as an important reference point for all product management teams." -- MARK ELLIOTT, Vice President, Product Management, Smiths Detection "The *Product Manager's Desk Reference* is a practical guide to the activities firms need to engage in to build the discipline of product management. When actively utilized, the *Desk Reference* promotes consistency and standardization of methodology, which in turn leads to repeatable process, good decision making, and positive outcomes. This is an incredibly valuable resource." -- DEBORAH LORENZEN, Chief Operating Officer, BNY Mellon University

About the Author STEVEN HAINES is among the world's top experts in product management. He is the founder of Sequent Learning Networks, a global training and advisory services firm based in New York City.
