Deborah Malone : The Reinvention of Marketing before purchasing it in order to gage whether or not it would be worth my time, and all praised The Reinvention of Marketing:

The marketing industry is undergoing dramatic transformation brought about by technology, globalization, and shifting economics. "The reinvention of marketing" is becoming a more critical issue as the industry looks to deliver purpose and meaning to brand values in a business world increasingly defined by social media, mobility, analytics,

"big data," return-on-investment, and the need for global growth. Learn from these extraordinary individuals who are reinventing contemporary concepts of marketing: Morten Albaelig; k, CMO and Group SVP for Global Marketing, Communication Corporate Relations Vestas Wind Systems; Dana Anderson, SVP Chief Marketing Officer- Mondelz International; Barbara Basney, Vice President Global Advertising Media- Xerox Corporation; Pete Blackshaw, Global Head of Digital Marketing Social Media- Nestle; Zita Cassizzi, Chief Digital Officer- TOMS Shoes; Fernando Chacon, Chief Marketing Officer- Banco Itau; Jesper Colding, Vice President- Mengniu Dairy Company China; Carmen d'Ascendis, Global Managing Director for Finlandia Vodka and Chambord Liquor- Brown-Forman; Jason Hill, Director of Global Media Strategy- GE. Tripodi, Chief Marketing Commercial Officer- The Coca-Cola Company. Not only is marketing more critical now to every organization, but it can literally do good, transform brand and consumer relationships through honesty and passion, and even change the world. (Heady stuff, but there are some amazing ideas in the following chapters of how marketing can actually make a world of difference.) There's no question that today's always-on, accountable, social media environment has radically shifted the rules of "doing good business." Responsibility and transparency are now central to how any brand or business plays its proper role in society. More companies are embracing big, sustainable ideas that demonstrate true marketing innovation in an effort to deeply connect with customers' values. These ideals are simply CENTRAL to new marketing principles. When done right, business growth is often a result, and this new way of working truly represents a global revolution in marketing intentions and possibilities.
