Nicole Lapin : The Rich Bitch Guide to Love and Money before purchasing it in order to gage whether or not it would be worth my time, and all praised The Rich Bitch Guide to Love and Money:

1 of 1 people found the following review helpful. Money and RelationshipsBy Pamela ParkerWhen you are in love, discussing income, investments, and budgets may not seem sexy, but it is essential in order to avoid some costly pitfalls in the future. This book explains how to handle your finances and the importance of having an honest conversation with your partner about money. Even though the book was short, it was quite thorough. It explains the

different financial factors you need to take into consideration when you are single, co-habiting with a romantic partner, during marriage, and after a divorce. The book is easy to understand and you won't get confused by any financial lingo or unfamiliar terms. It's a great guidebook for women who want to take control of their finances and feel more secure about their future. 1 of 1 people found the following review helpful. Financial Guidance for the Best of Times... And the Worst By Karen Magill This little book is a quick read but one you may want to keep on your virtual shelf for future reference. Just in case you need to remind yourself. Ms. Lapin's style is quick and to the point - she was brutally honest concerning an area that many of us women fall into. Losing our financial heads when we fall in love and ending up suffering for it. Lapin gives some great tips on how to negotiate the romantic waters while still keeping a hold on your well earned money. 0 of 0 people found the following review helpful. Buy it! It's helpful. By V. Waddell With all the books out there about money, there are few that add character and realness to them. By now, most people know the basics but just don't or believe they can get ahead for whatever reason. What I love about this resource is that Nicole keeps it fun and funny with her practical advice and use of actual situations and not just a bunch of stats and facts that only make you feel more worried. This book will make you feel empowered and encouraged in love and money and gives you clarity to do it the right way without it overwhelming you. It's a simple read and easy to follow.

Love and money is a tricky and touchy mixture. The unromantic truth is that money issues are the number one cause for discord, distrust and, sometimes, divorce. Let **THE RICH BITCH GUIDE TO LOVE AND MONEY** help teach you to be prepared as an individual so you can be an asset in any relationship; whether you're still searching for love, already married or navigating your way through a divorce. Finance expert and author of **RICH BITCH** Nicole Lapin covers it all. The basics for taking personal responsibility for your finances; and maintaining control over them; Reading the money signs early in a relationship; Cohabitation Dos and Don'ts; How to talk about money in a marriage; Pre-, mid- and post-divorce steps to ensure financial security If you want to lead a fulfilling life as a true Rich Bitch, someone who is confident in knowing what she wants and how to go after it in all aspects of her life, you need to give your wallet and your better half a little extra love!
