16 of 16 people found the following review helpful. I was pretty disappointed. By B. Christian If you are a minority, American Indian, Asian, Latino, bowler, water skier, golfer or raise cows or horses, this book is a gold mine for you. If you are an average, middle income caucasian that lives in Ohio, there is very little for you in this book. I also found

that a lot of the links did not work, and many scholarships expire in the first couple months of the year. I think you need to buy the book for 2017 in November of 2016 if it is available. I was pretty disappointed. 11 of 11 people found the following review helpful. best to peruse this book at the library By S. Crook Not as helpful as I had hoped. Although we did find 4 scholarships to apply for, I had hoped for more. I can see how this may help others- especially minorities, athletes and moms. If you aren't any of those, best to peruse this book at the library. 9 of 9 people found the following review helpful. Two thumbs up! By Aurora A. Really helpful book. Really prepares me for scholarships. Prepare to use a highlighter, post bookmarks, and a calendar. This book is huge. Goodluck.
