**Benjamin Franklin : The Way to Wealth: Advice, Hints, and Tips on Business, Money, and Finance** before purchasing it in order to gage whether or not it would be worth my time, and all praised The Way to Wealth: Advice, Hints, and Tips on Business, Money, and Finance:

6 of 6 people found the following review helpful. Advice still valid!By PMgalBenjamin Franklin's wisdom has certainly stood the test of time. I find it comforting that, in spite of all the current advice, his words are still true and appropriate for all.0 of 0 people found the following review helpful. Love FranklinBy bdnaymanReading Franklin is always a pleasure, his writing grabs your attention and makes you want to read more. I enjoy reading the founding fathers as, I feel that it gives incite and context to the times and situations that they were faced with, before and after the revolution.0 of 0 people found the following review helpful. Good quick read.By Jimmy boyGood message in the story, hard to understand at times because of the dialect used.

Benjamin Franklin was concerned with making the sometimes bitter pill of truth about the human condition easier to swallow. In *The Way to Wealth*, Franklin refines his maxims and homilies in order to make them more subtle and sophisticated. As a successful author, inventor, scientist, statesman and one of the Founding Fathers of America, he exemplifies the emerging American nation. A man who was very proud of his working roots, in 1758, the year he ceased writing for the *Almanack*, he printed Father Abraham's Sermon also known as "The Way to Wealth". This book will teach you how to start a business, make money and save for the future.
